EXPERIENCE

IFMA

Web Designer
May 2016 - Present

Worked with HTML/CSS, JavaScript and PHP as well as Adobe Suite to set up client sites in WordPress. Modified child themes and redesigned parent theme.

LRNGO, Inc.

Web Development Intern
August 2014 - May 2015

Worked through the whole stack: various landing pages, APIs, UI, the database, models, controller code, and design. Wrote out custom interactive features with JavaScript. Managed email marketing campaigns, wrote a technical brief about the process for future users, and did content writing.

Testmasters

Teacher/Tutor
July 2014 - November 2015

Taught Critical Reading, Multiple Choice & Essay Writing (SAT & ACT). Advised students on the advantages of organizing writing as recommended by the curriculum, best practices for reading, learning vocabulary, grammar, preparing for the essay, and what they can expect from graders.

Emily K Center

Volunteer Educator
August 2011 - September 2011

Volunteered to teach an SAT preparation course on all sections of the test. Provided classroom instruction and individual attention to a group of twelve students who requested that I teach again and all of whom saw score improvement.

EDUCATION

Duke University

Bachelor of Arts in Literature
and Visual Arts

General Assembly

Web Development Immersive
