EXPERIENCE

LRNGO, Inc.
Web Development Intern
August 2014 - May 2015

Worked through the whole stack: various landing pages, APIs, UI, the database, models, controller code, and design. Wrote out custom interactive features with JavaScript. Managed email marketing campaigns, wrote a technical brief about the process for future users, and did content writing.

Testmasters
SAT & ACT Teacher
July 2014 - November 2015

Taught Critical Reading, Multiple Choice & Essay Writing. Advised students on the advantages of organizing writing as recommended by the curriculum, best practices for reading, learning vocabulary, grammar, preparing for the essay, and what they can expect from graders.

Emily K Center
Volunteer Educator
August 2011 - September 2011

Volunteered to teach an SAT preparation course on all sections of the test. Provided classroom instruction and individual attention to a group of twelve students who requested that I teach again and all of whom saw score improvement.

The Archive
Associate Editor (Fall 2011)
Fall 2010, Spring 2012

Reviewed student submissions to The Archive, the campus literary magazine. Discussed submissions' merits for publication with other editors and contributed art and photography to the final publication.

EDUCATION

Duke University
Bachelor of Arts in Literature and Visual Arts

General Assembly
Web Development Immersive
